Other useful comments:

<p>- At least a B1 Spanish level is highly recommended. No certification is required.</p> <p>- We kindly ask to all our partners to respect the bilateral agreement signed regarding not only the number of students exchanged but also the length of stay. We cannot accept students for less than one whole academic year. The Faculty of Medicine of the University of Granada does NOT ACCEPT ANY STUDENT FOR A DIFFERENT LENGTH OF STAY THAN THE ONE AGREED. To share the total number of months between several students is not possible either.</p> <p>- The subjects have a theoretical and a practical part. To do only the practical part will not be possible.</p>

- Students have to select the **whole subject** on their Learning Agreement. They also **have to take part of the exam** of the whole subject. **To do only some parts of the subjects is not possible.**
- It is **compulsory to participate in the exam** for each subject from the Learning Agreement.
- Given that the subjects include theory and practice (see [guía docente](#)), **a clinical practice certificate will not be delivered.**
